

Lions Clubs International
District 105W

2015/16 Membership Aide Memoir

Global Membership Team (GMT) & Sources of Information.

The Membership Team for District 105W is chaired by 1st Vice District Governor Goff Morris (Bridgend)

Keith Messenger is Global Membership Co-Coordinator (Northleach & Fosse). He is assisted by Past District Governors Jim Hamilton, and Larry Pearce. These three Lions support the Zone Chairpersons who are often the first contact for help and assistance on Membership matters. However no Membership officer will object to a direct call or email. Their details are listed in the online MD 105 Club Directory.

Each Lions Club should have if possible a Membership Officer.

The Membership Team will assist in recruiting Members, helping to retain existing Members, and Club development in conjunction with Bill O'Neil, District Leadership Officer and his Team.

The primary responsibilities of the Membership Team at present is to increase membership, and open new clubs, or club branches in our District. In addition we are to here help and advise on Membership retention.

There are now co-ordinated programmes to assist both personal and club development. It is important that you contact us for up to date assistance. Ensure you gain everything there is available to you, as a club and as a Lion. All you have to do is ASK!

The main sources of general information for members and clubs can generally be found on this website under "Members", and then click "Club Members Resources".

Under Club Member Training there is much information for Membership issues within the "2014 GMT Tool Kit".

You can also seek information on “The Lions Clubs International Website”;
