St Dunstan's Potential to help Members of Lions Clubs International

Many of our members are ex-Service personnel and as such some of them may now be suffering a deterioration in some of their faculties including sight impairment.

Hopefully given the publicity generated over the past 12 months by the MD Appeal for St Dunstan's there will be an awareness of the services and facilities provided by St Dunstan's for current and ex-Service personnel – this letter is a specific request to bring them to the attention of your fellow Club Members so that any of them, their family members, or friends, who are experiencing sight problems and are eligible to become a St Dunstaner can apply for consideration.

I attach to this letter St Dunstan publicity material on how to apply for membership which can also be accessed at

http://www.st-dunstans.org.uk/how_we_help/how_to_become_a_st_dunstaner/

MDHQ also has copies of the information attached to this letter which can be provided on request.

Please bring this information to the attention of your members so that the potential to alleviate the challenges facing those of our members or their family members/friends with sight related problems can perhaps be addressed by our Partner organisation.

Yours In Lionism
