Marie Curie Daffodil Appeal 2008

**Lions Clubs in MD105 raised £130,111 towards Marie Curie Cancer Care during the Great Daffodil Appeal 2008 in February. Over 200 clubs came forward to offer help with the collections which were predominately at Tesco stores.**

**Spokesperson for the Marie Curie organisation Sophie Kinsman, Community Fundraising Development Manager said, "I hope you agree what a wonderful contribution this is to Marie Curie Cancer Care in our 60th anniversary year and we pass on our heartfelt thanks to the Lions Clubs for the help and support given. You have certainly helped us achieve our objective of raising £1/2 million from the Tesco collections on 29 February and 1 March. In fact, without this help, we would not have achieved our target and so your support was absolutely vital. In total, we have raised £1.39m from our Great Daffodil Appeal collections this year. Lions Clubs International has raised nearly one tenth of this - what a result".**
