

Subject: St Dunstan's Update

Governors

I am delighted to be able to report that as of today the actual Donations received by Charities Treasurer PDG Lion John Bush plus intended donations and pledges communicated to me by Clubs has reached a total of £56,830 - so we have passed the first milestone of £50k - lets us now push on to reach the £100k milestone.

I know for a fact that there are a number of Zones/Clubs with events planned for later in the year the proceeds of which will be donated to the Appeal - however that still leaves very many Clubs across the Multiple District that do not yet appear to have committed albeit hopefully there should be a boost following the presentations to your Conventions.

Please take every opportunity to sincerely thank those Clubs within your Districts that have committed so far whilst encouraging those that have not yet done so to consider the Appeal sympathetically.

Now that we have reached the first milestone PID Phil is in process of approaching PIP Lion Bert's family for permission to use his name - whilst PID Howard has already established with Oak Brook that we can use Melvin Jones's name should we wish to do so.

I have now visited the site at Llandudno I can assure you that this will indeed be a truly prestigious World Class Centre providing our brave Service personnel with all the facilities, care and attention which they deserve and for which we as Lions can be justly proud to know that we have contributed to its creation.

My thanks to you all for your commitment to this Appeal.

YIL

PDG Lion Evan
